Threat To Life: False

Submitted Text:

When I was 6-8 years old and living at [REDACTED] in Surrey, UK, I was drugged at night and driven by my father, [REDACTED], to pedophile ring "parties". The main house I was taken to is located behind Thorpe Green, at the end of a private road. Hurst Farm Livery Stables is next door. In the driveway of this house, I was hit by a dark blue car with a personalised license plate ending in "[REDACTED]", driven by Prince Andrew. I was not taken to hospital, but I suffered permanent injuries to my ribs, hip and leg on my right side. The car's hood figurine broke off in my hand on impact and I later buried it near my home, so it could still be recoverable as evidence. After I was hit by the car, I woke up to Prince Andrew [REDACTED] [REDACTED]. In that house, I was also [REDACTED] [REDACTED]. I have medical records of the resulting infection. I once ran away from the house naked, and made it to the Irish Traveller community down the road (GPS: 51.405369, -0.546576). I remember seeing and speaking to a man, so I think that there may be Irish Travellers living in the area who could corroborate what goes on there. ----- I was also taken to another house that I later recognised as Frogmore Cottage when its refurbishment was in the news in 2018. There, I was restrained on a table and tortured with electrical shocks by Ghislaine Maxwell and surrounded by watching men. I remember seeing Prince Andrew's face. [REDACTED]. I tried to sneak out. Maxwell caught me and beat me with the bristle end of a broom. [REDACTED] [REDACTED]. She also threatened me, saying that I "deserved to die" and hit me in the face with the broom, breaking my nose. I was only taken to the hospital for the broken nose after a rugby match, so that the injury could be blamed on that.

Additional Info: During this time frame, I also went on yearly vacations with my family to Florida, staying at my grandparent's house in Vero Beach. I remember on one occasion being driven by my father over an hour away to a mansion with a gated driveway and a large rectangular swimming pool. I was molested by a man that I later recognised as Epstein when he was in the news. He [REDACTED] [REDACTED]). He took pornographic photographs of me in a skirt.

Around late 2012, I had not yet fully processed all these memories, but I reported my father to the police after seeing a text from G. Maxwell on his phone saying: "I have two children", and being triggered by it. I believe it's possible that my father may have been involved in procurement for the pedophile ring even then, because he made visits to several local schools and a disabled children's home (the White Lodge Centre). In the end, he was not arrested and the case was not investigated. As a result, he was able to destroy a lot of evidence, such as photographs. Releasing Ghislaine Maxwell on bail would lead to the same outcome.

I am willing to testify, and provide evidence and/or more detailed descriptions of events.

Additional Info: I also remember another victim being [REDACTED].

She is a year younger than me, so she may have been as young as 5 years-old at the time. Afterwards, she was taken out of an affluent private primary school and sent to the worst school in the area, [REDACTED]. That was where I first recognised her, even though we had supposedly never met. She was put in a class two years ahead, and then went to the same Secondary School as me [REDACTED] - [REDACTED] a year before I did. We have never once spoken.

How is Contact Known: [REDACTED] is the daughter of [REDACTED] and my childhood friend. I remember [REDACTED] was at some of the parties with me, and I remember us once hiding behind a drape together. However, we have never discussed it, so I don't know what she remembers.
