

VTC with [REDACTED]

AUSAs [REDACTED]

SA [REDACTED], Det. [REDACTED]

- [REDACTED] was only involved in search of JE PB residence on one day in October 2005. Had no other involvement in the investigation of Epstein that [REDACTED] can recall.
- Det. [REDACTED] drafted the only report documenting [REDACTED]'s involvement in the search.
- AUSA [REDACTED] emailed TM a copy of Det. [REDACTED]'s report to refresh recollection of search. [REDACTED] reviewed report and confirmed he recalled searching the rooms identified in the report with Det. [REDACTED]
- Otherwise, [REDACTED] really doesn't remember details of the search. Recalls being in the house and the various rooms, but doesn't recall specific items that were seized. Is not confident that his recollection would be further refreshed by reviewing photographs.
